Let's say goodbye till tomorrow
With a word sincere
How do you make it through the night
I hope to God you're still here
I pray Ole

Can you make, can you make it through
Can you make, can you make it through, can you make
it through
Can you make, can you make it through
Can you make, can you make it through
Can you make, can you make it through
Can you make, can you make it through, can you make
it through
Can you make, can you make it through
I pray
I pray

It's a God eat God world
It's a dog's tomorrow
And the song and wind
Brings nothing but sorrow
Oh ho oh ho, oh ho oh ho, oh ho oh ho

Can you make, can you make it through
Can you make, can you make it through, can you make
it through
Can you make, can you make it through
Can you make, can you make it through, can you make
it
Can you make, can you make it through
Can you make, can you make it through, can you make
it through
Can you make, can you make it through
Can you make, can you make it through, can you make
it
