Nothing remains  
We could run when the rain slows  
Look for the cars or signs of life  
Where the heat goes

Look for the drifters  
We should crawl under the bracken  
Look for the shafts of light  
On the road where the heat goes

Everything has changed

For in truth, it's the beginning of nothing  
And nothing has changed  
Everything has changed

For in truth, it's the beginning of an end  
And nothing has changed  
Everything has changed

1st voice (Not chanting):  
In your fear  
Of what we have become  
Take to the fire  
Now we must burn  
All that we are  
Rise together  
Through these clouds  
As on wings

2nd voice (Chanting):  
In your fear  
Seek only peace  
In your fear  
Seek only love  
In your fear  
Seek only peace  
In your fear  
Seek only love  
In your fear  
In your fear

As on wings

This is the trip

And this is the business we take

This is our number

All my trials

Lord, will be remembered Everything has changed
