Cruising around me the flames burn my body  
Wishful beginnings  
Does this remind them again & again  
You're a sorry little girl  
You're a sorry little girl  
Please hide, for the pain must feel like snow  
You're a sorry little girl  
Sorry little girl

Please hide from the kiss & the bite  
Shame burns  
Breathing in, breathing out  
Breathing in only does  
The pain must feel like snow  
I'm no longer your golden boy  
Sorry little girl  
I'm sorry little girl

The pain must feel like snow  
There you go  
Cover me cover me  
We flew on your wings  
We were duke and the devil  
And this one would never grow down  
We had such wishful beginnings  
But we lived unbearable lives  
I'm sorry little girl  
So so sorry little girl  
The pain must feel like snow There you go There you  
go
