Up or down and black or white
Do it or you cannot breath and you die
Up or down and front or back
Do it or you cannot breath and you die
Oh!

It's time!

It's just come and make shining your heart
And it's good, freakin' good
But when it's gone, it's sucker than school
It's killing you slowly but sure
Why does love still exist?
Cause you cannot ignore it tonight

No more dreaming about tomorrow
Forget the loneliness of sorrow
I've got to say all because of you
And now we're back togheter

Everybody, thingking something
Everybody thing what is right is wrong
I can't take it another a minute
Tired of being strong
Can you see me under glowing light
Can you change your mind like a girl change a cloth
Stuck on a roller coaster, can't get off this ride
Can save me now, can you praise me now

Up or down and black or white
Do it or you cannot breath and you die
Up or down and front or back
Do it or you cannot breath and you die

I won't make it right, I'm tired of being strong
See you to look out from inside your mind
I won't fake it now, I'm not strong to fight
Can you see my face from outside your mind

Can you save me now, can you praise me now
Can you see me under glowing light

Can't get off this ride, can you change your mind
Like a girl change a cloth, stuck on a roller coaster
