Hidden thoughts of hate

Trying to manipulate the fate

Unseen is the power of every man

They who see they don't understand

(blind, blinded by fear)

Truth they will not hear

Neverending sadness

Turn into pure madness

[*] a beatiful pattern op emptiness

An empire op distress

The ruler of darkness

In an embryo of lies

Unseen is thi power of every man

They who see they don't understand

Neverending sadness

Turn into pure madness

[*repeat]

On memories they feed

But the air is so hard to breath

Short fragments of delight

To forget the icy fright

Wish hothihg else but to die

And to stop the internal cry

Waiting for the ehd to come

Soon it will all be gone

[*repeat]
