The past is history  
You can't go back and make it alright  
You never get to choose if you win or lose  
That's not how it goes, oh no

I know I had it all  
How much more could anyone have?  
And now I'm tryin to find what used to be  
mine  
Before I went away

Chorus  
Everything I wanted  
Was everything I left behind  
I never knew what I'd lose  
And everything I needed  
Was standing right in front of me  
Now I know that it's true  
Everything I wanted was you

How can I explain  
Looking back I know I was wrong  
I just couldn't see the forest for the  
trees  
What more can I say

Chorus  
Don't say all our bridges are burned  
After all the lessons I've learned  
Is there a chance that you could be mine  
Or am I wasting my time

Everything I wanted  
Everything I dreamed about  
Was everything I already had

Chorus  
Everything I wanted  
Was everything I left behind  
I never knew what I'd lose  
And everything I wanted  
Was standing right in front of me

Now I know that it's true

Everything I needed  
And everything I wanted  
Now I know that it's true  
Everything I wanted  
Was you
