Well she keeps her secrets locked inside her armour  
(armour)  
Well she doesn't let anybody know who she really is, or  
wants to be  
She cries at night when she's all alone  
She sits there waiting by the phone

Cos she's fragile, she denies it  
She doesn't know she's so beautiful inside  
She's fragile, she hides it  
Behind that smile and all that style you know that deep  
inside  
She's fragile...

She acts as if she's got it figured out now (out now)  
She makes you think she doesn't care about anyone or  
anything  
She's got the face it's my saving grace  
In her eyes I'm lost without a trace  
She cries at night when she's all alone  
She sits there waiting by the phone

Cos she's fragile, she denies it  
She doesn't know she's so beautiful inside  
She's fragile, she hides it  
Behind that smile and all that style you know that deep  
inside  
She's fragile...

I wish you could see that you're beautiful, you're  
wonderful  
I'm gonna make you mine...  
Ooh yeah!

Yeah, yeah, yeah... oh...  
Yeah, yeah

She's fragile, she denies it  
She doesn't know she's so beautiful inside  
Yeah she's fragile, she hides it  
Behind that smile and all that style you know that deep

inside  
She's fragile...

Thanks to feel
