Love's like a river
Though the waters deep
Your gonna dive in
Is like a mountain
Your scared of falling
But you keep on climbing

Makes you blind and makes you see
Makes you the best that you can be

That's what love is
It can be your strength, or your weakness
You can run, you can hide
But your never so alive
But I know what love is
When I look in your eyes

Your in a fast car
Foots on the pedal
So you gotta floor it
You try to fight it
But you're helpless when you hear it calling

It can take you to the sky
Make you steal and make you lie

That's what love is
It can be your strength, or your weakness
You can run you can hide
But you're never so alive
And I know what love is
(That's what love is)
It can be your strength, or your weakness
You can run you can hide
But you're never so alive
Cos I know what love is when I look in your eyes

You feel your world spinning around
You try to shout but there's no sound
Your mouth is dry
You tongue is tired

You can't explain this feeling inside

Cos that's what love is
That's what love is
Cos that's what love is
But I know I love it

That's what love is
It can be your strength, or your weakness
You can run you can hide
But you're never so alive
And I know what love is

Thanks to feel
