I
Try to make sure that I
Don't let it get to me
But I can't believe
That we
Can get past the past
Only anger has lasted
Through the years I've already had

Chorus:
So stop telling me that I could get by
I should get by on lies
Stop wondering why it makes me cry
It finds its way inside
It must be nice to never know
What it's like to lose
It must be nice to be...
To be you

Don't
Expect me to know
How to get up and go
All on my own
'Cause I
Remember everything
They never said to me
They said it to you
So now I'm through
I'm tired of trying

Repeat Chorus

When you step outside all their eyes
Are glued right to your face
In broad daylight I must be hiding
And I can't erase
What it's done to me
I just hope that every single day
They too feel this way...yeah

Repeat Chorus
