Once upon a time  
I thought you mattered more  
Just enough to get me through  
Feeling alright turned into  
Feeling quite negative now  
There's one thing left to do

Chorus:  
Just so you know  
I've gotta go away  
And I'm just so sick of thinking  
You've got a reason to  
To make a change  
And just so you know  
Oh, I never wanted to stay  
You're someone who can try  
But you can't make me high anymore  
You're not what I'm lookin' for

Throwing names and phrases  
Back and forth, a tennis match  
We're both going to lose  
Violent, hateful run-ons  
About where we went wrong and  
Evil glare come in twos

Chorus

Ohhhh...try to believe me  
Ohhhh...you'll never see me  
The way I need to be seen  
And that's enough for me...  
To leave

And when your words were pouring  
Louder than the rain last night  
I told you where I stand  
You settled on your pillow  
Began to dream of no more fights  
And then I left

## Chorus
