(Lead) whenever trouble come my way
Lift my hands to the lord and say
(Chorus) hallelujah, anyhow
(Lead) whenever trouble round me rise
I know the lord is standing by
(Chorus)hallelujah anyhow
He'll be right there, ooh, ooh, ooh, ooh
(Lead) when trouble come and block my way
He'll be right there, ooh, ooh, ooh, ooh
(Lead)no matter how dark the day
He'll be right there, ooh, ooh, ooh, ooh
(Lead) when I'm down he'll pick me up
He'll be right there, ooh, ooh, ooh, ooh
(Lead) when I'm low he'll fill my cup...
There, there there there, there
You've got problems you can't solve
Turn them over to the lord
Turn them over to the lord
Hallelujah anyhow
Every problem, every care standing by
To help you share:
The lord will...
Be right there
Be right there
Be right there...
There there there there there
The lord will, be right there
