Your eyes
Tarnished gold
So crystallized
And wise

You stood
Just like
A tender child
Whenever you stumble by

Your smile
Familiar eyes
You disturb my sleep
I pursue your cheek
To possess
Whenever we try to speak

So I see here
In the restless sun
I'm seen here
Before the crashes come
I'm seen here
In the rushing sun
I'm seen here
Before the moment's gone

From now on
It shall be you
Though we may never speak
Your light
Comes in
Crashing down
All over me
So I see here
In the vacant sun
I'm seen here
Before the crashes come
I'm seen here
In the restless sun
I'm seen here
Before the light is gone

I won't do without you
I won't do without you
I won't do without
See me
In the restless sun
You see me
Before the crashes come
You see me
In the vacant sun
You see me
Before the light is drawn
You see me
In the restless sun
You see me
Before the moment's gone
You see me
In the vacant sun
You see me
Won't you see me?
