Why am I here?  
Why are you here?  
Why are we here?  
Can you tell me brother

Why am I here?  
Why are you here?  
Why are we here?  
Can you tell me brother  
Tell me, tell me why?

Through the truth, I've found disillusionment x4

oh, oh.  
So get up!

Where's my mind?  
Where's your mind?  
Where's our minds today?  
Oh the colour is startin to fade away

Where's my mind?  
Where's your mind?  
Where's our minds today?  
Oh the colour, colour, colour's gone!  
Through the truth, I've found disillusionment x4

Can you wait , to die?  
Can you wait , to die?  
To touch me  
To wash this pain off!  
So get up!  
And Rock!

Take my eyes  
Cuz something is wrong with our lives

Through the truth, I've found disillusionment x4 Boys
