Going to India when the love breaks
Going to India watch all the elephants

Fly away from the pain strap us in 'cause
the priest can't kill us like an old guitar
There's a place full of waste free tears
everyday on the corner, playing his sitar
Gotta go cause I know I shoulda flown
left to nothing too exact to create yourself
If you know I'd say yeah I'm renowned cause
It feels like my love has lost itself

Going to India when the love breaks
Going to India watch the men charm the snakes

Run away from the pain cuz you know that
there's nothing left to lose when you're chasing a
dream
Get up high when your low cuz you know
she's bumping inside and she needs to scream
Find a place where you'll face into haze
and the dark seen feeling that captivates
good faith in your nature, that is,
invent yourself; don't change your ways

And oh, how confusing this love can be
You get the fuck out
Oh but don't you lay
Don't lay

Going to India when the love breaks
Going to India watch all the elephants
Bring it up now!

Fly away from the pain strap us in 'cause
the priest can't kill us like an old guitar
Theres a place full of waste free tears
everyday on the corner, playing his sitar
Gotta go cause I know I shoulda flown
left to nothing too exact to create yourself
If you know I'd say yeah I'm renowned cause

It feels like my love has lost itself

So fly away

Don't fly away

Don't you fly away

Don't you fly away
