Sometimes her love explodes in me
As I watch these pieces fall
Was it something that was said?
Sometimes mouths are so full of words
That nothing is ever said to him
They've been sent alone
No one talks to him
Everyone walks by

So I wonder if she's happy
Wonder what it'd be like if we all smiled
Wonder if she's happy
Wonder when I'll be happy

As little girl's tears resist fall
Was it something mother said
Sometimes the words just fall out
As more move goes in him to cloud nine
Sad dog bites his leash
Little girl she sympathise
They both yearn
They both yearn to be free
Sometimes their love explodes me

Wonder if she's happier
Wonder what it'd be like if we all smiled
Wonder if she's happier
Wonder when I'll be happy

And her love explodes me in the morning
As I watch the leaves resist the fall
Wonder if to feel something that you said to me
Cause sometimes my mouth is too full
of words

Happy (X10)

So I wonder if she's happy
Wonder what it'd be like if we all smiled
Wonder if she's happy
Wonder when I'll be happy
