Everytime I wake up I think, oh life  
I'm in love with you  
Then I breathe it in

Never one to sat that I am just a little boy  
Rubbing to find a way in

And today I feel just like an animal  
That's trying to hide from all of you

I'll find the will to live in the simple fact of life  
In which each day brings something new

I can be so naive  
To the ways of this world  
So I try to spin myself  
Into a ball of love

If I look into your eyes, will I feel the harmony  
Rising converge above

Something in the smell I long to feel my animal  
Trying to find a way out  
Beneath the surface do you feel the will to kill  
To kill without any doubt  
Alright...

I can feel my animal  
\*animal sounds\*

I can feel my animal

I wanna kill him  
And then I'll know I'm alive  
And get to watch his breath leave  
I watch some birds up in the trees  
Will I feel guilt  
As he dies yeah  
All he does is hiss a word  
So I won't cry

No I won't cry  
No I won't cry  
I will never cover him

I can feel my animal  
I wanna take his life  
His eyes are stoned  
As cold as Ice, yeah  
No body animal  
You know it seems to kill him  
And as he does this  
He thinks to them  
He thinks that this is your will  
I wanna lock the fucker in a cage  
Cause when I looked into his eyes  
It's like you're looking into a mirror  
Know that it's so good to be alive

It's good to be alive x3

I can feel my animal  
I wanna take his life  
His eyes are stoned  
As cold as Ice, yeah  
I wanna kill him  
I wanna take his life  
His eyes are stoned as cold as Ice.
