I'm tired of performing,
I'm not the one to blame
The moon hasn't been choosing me
For dead! for dead!

This crows around me, told me
"We are the architects"
And now you are the chosen
For bleed! for bleed!

Keep the flesh dressed
'Till this day, it's gonna end, it's gonna end
The day and it's end, we're gonna give

You will stay your ground when the sun goes down
You will stay your ground when the sun goes down
Let's get it in!

WE ARE HOWLING TO FIND REVENGE!
You said...
WE ARE HOWLING TO FIND REVENGE!
You said...
WE ARE HOWLING TO FIND REVENGE!
WE ARE HOWLING TO FIND REVENGE!

YOU ARE HOWLING TO FIND MY WAY!

The dawn you won
It won't be disapproved
The moon has been fulfilled
Of blood! of blood!
The dawn you won
It won't be disapproved
The moon has been fulfilled
Of blood!

We will stay fucking stand.
