#### [Verse 1]

Early in the morning birds is chirping  
These beats I'm hurting no caskets but I'm murking  
In the bed in the studio every where I go  
Your girl find a rodeo, ain't a cowboy but she gave me  
that woody  
Woody peck peck, on your neck neck  
On my watch yeah I watch hands move like sex sex  
I'm the best and I'm next  
Beat it off my chest, bent ha ass like a check  
Only sign the bottom the line, let ha lips caress my  
Second head that bold spot  
She be like class is over, I be like no ma  
(Relax baby, sit down, get in position)  
And I love to milk the cow moo-moo  
Gotta cut on ha leg, let me kiss that boo-boo  
I'ma make it mine, squeeze it like a lime, do it fine  
Break your spine, make it dutty whine  
Tonight in your tights, you looking right, real right  
Got that super dick but she got kryptonite  
Then she blow my lights out, dynamite  
When I'm in here it's cat dog, cat and dog  
That pussy is a goddess praise that pussy Oh Lord!

#### [Hook]

Drop that ass to the floor, split your legs some more  
Mouth wide open, back is soaking love your clock  
On your chest below your waist, the dot, lick your G-  
spot  
Teach me how to count climb my big comfy couch  
2x

#### [Verse 2]

1:00 twerk, 2:00 twerk, 3:00 twerk, 4:00 twerk  
5:00 twerk, 6:00 twerk  
7, 8 watch that body break (Hann)  
Hands keep moving while we keep grooving  
Scratching up my back putting lotion on my cock  
Slaying these chains that are tied to your bed  
I'ma torture those legs you on house arrest  
Have the audacity you gon see a fatality

Finish her, Ima deliver her, tongue wrestle her  
Stabilized, she numb on the thighs  
With that unexpected poke she took to the eyes  
Flawless victory making peace on ya lips  
With my two fingers in, riding in that whippington  
Can't cease hitting it stick shift gone  
Hazard lights on go any direction  
Mike's GPS will accept it but baby I'll perfect it  
Back to the lab give you dap  
Mix some portions now you're horny this is Rewind's  
lavatory
