[Intro]

Time is only money I'll be sure to tick-tock
Looking real G-ed up all black G-shock
Now the ladies getting tipsy like a little teapot
No I'm never on that homo shit I can beat box (oh)

[Hook]

Drop it like it's (dam)
Shake it likes it (ah)
Wanna see you (dam)
Let me get your (ah)
Got me going loco shawty getting naughty
Shake that ass shake that ass
Loca move your body
2x

[Verse 1]

Bakery cake, fries with that shake
Leg trembling like a earthquake
Raise the stakes, take it to my place
Mouth on your lips not the one's on your face
Heat it up, eat it up, in need of a plate
Yes you got that food I'ma suck it up like soup
Tune yo body up just got my tools
You can't buy class shawty coped a school
Got my handcuffs to do what I do
In the back of the room
Let me see you move
Promise you won't blink think it happens too quick
Coming through real thick baby lick lick smooth

[Hook]

[Verse 2]

Tommy Hilfigure thong, he'll figure you out
New Sound in the building but I'm all up in you house
You know what I'm about cuff don't tell yo spouse
Un-loosen your blouse give me ass like a couch
I aint a stylist but yo gucci ima wear it out
Tear it out, sprain it out, letting you know dangers out
Started in the kitchen who knows where it ended

Aint pretended she was hot couldn't stop threw ha ass
on the pot
Leg was getting warm took it up a notch
Knocked everything down body hanging upside down
Sweet brain out of the zone, air head out of control
Open wide up like you yawning in the morning
Double dip with my chips when I have you moaning
Tossing and turning my skin got you burning
No cars whipping and lynching don't choke
Human washing machine got you all tired and soaked

[Hook]
