I had a woman she was good to me  
She my sugar, Is her honey bee  
I had a woman and she was good to me  
She was my sugar I was her honey bee  
Got around to making wedding vows  
Dont know why things went wrong somehow  
Well we got around to making those wedding vows  
(I do so do I)  
Dont know why but things seemed to go wrong  
somehow  
She spent my money she chased my friends  
Pretty soon I know wed reached the end  
Yes she spent my money ooh Lord and she chased my  
friends  
Pretty soon I know wed reached the end  
She put the money into matrimony  
She put the lock onto wedlock too  
When love goes wrong it sure aint funny  
Got the alimony blues, alimony blues  
My lawyer told me things are looking lean  
You get 20 you give her 19  
My lawyer told me things are loking lean

You get 20 you give her 19  
Well the judge he says you got to pay  
Keep on paying till that Judgement Day  
Well that judge he says son you got to pay and pay  
Keep on paying until that Judgement Day  
She put the money into matrimony  
She put the lock onto wedlock too  
When love goes wrong it sure aint funny  
Got the alimony blues, alimony blues  
I hope youll always have a happy life  
No divorce court no greedy wife  
I hope youll always have a happy life  
No divorce court never no greedy wife  
Shell put the money into matrimony  
Shell put the lock into wedlock too  
When love goes wrong it sure aint funny-acap
