Im going down to the river  
to see how deep it is today  
Yes Im going down to the river  
to see how deep it is today  
How much waters in that river?  
Will it wash my blues away?  
I had to ask my babys pardon  
for the things Id done to her  
Now detectives are tryin to figure  
was it suicide or murder?  
But Im going down to the river  
to see how deep it is today  
How much waters in that river?  
Will it wash my blues away?  
Police interrogation  
Where were you that date and time?  
Man, to me thats no kind of question  
I put her life so high above mine  
Please sir come down to the station  
just to tell us what you know  
What is your suggestion?

Whats she done? And where did she go?

Im going down to the river

to see how deep it is today

Yeah Im going down to the river myself

to see how deep it is today

How much waters in that river?

Will it wash my blues away?
