Is there someone out there waiting,
something that Ive missed?
Ive seen it all on the tv
a whole world Ive never kissed
Ive always been a regular guy
Do what Im told, I dont ask why
I love my mama, my papa too
I always took their point of view
I mind my manners and I eat real neat
Never played games out in the street
My books always told me to keep it safe,
dont walk on the cracks and know your place
I worked real hard to come through school
I wasnt too smart but I broke no rules
Got me a job right down at the bank
But somethings a-changin, got a tiger in my tank
Take me to the red line
Take me to the red line
I want to feel the wind of change in my face
I want to feel the chill of fear in the race
I want to climb a mountain with no safety line

I want to grab a hand just in time

Take me to the red line

Take me to the red line

I want to taste the passion of a wild new heart

I want to feel a love that shakes you apart

I want to travel to where you cant take a plane

I want to find that edge where youre almost insane

Take me to the red line
