Leaving all day long in my own room
Sleeping when the world is on
I cannot reach the truth

Waking when the moon lights up the roads
Now it's time for me to go and
Try to play my role

Everything is bright to me
Now it's dark and blue
Sneaking trough the shadows of my mind
Brake in reality

Let's go

Don't want to meet somebody
Not even you
Don't want to feel somebody
In BLACK in BLUE

Walking on the streets I know by heart

Counting old the steps behind
The line is not to far

Everything is bright to me
Now it's dark and blue
Sneaking trough the shadows of my mind
Brake in reality

Don't want to meet somebody
Not even you
Don't want to feel somebody
In BLACK in BLUE

I can feel the pain inside of you
When I feel the same in Black and blue...

Don't want to meet somebody
Not even you
Don't want to feel somebody

In BLACK in BLUE
