Kill Us, If we Start to Sound Like Bad Religion
A million hits
For a song called Sorrow
So many kids
will regret tomorrow
A PHD
Is no testament
I Can't relate
to that environment, so

Kill Us, Kill Us
Kill us if we start to sound like Bad Religion
Kill us, Kill us Kill us,

Success means less
Then sellin' our souls
Success means more
Then daddy's bankroll
Plenty of music
That makes me ill
Phony Bad Religion
Headlines that bill, I say,

Now let's see
If you can take a joke
30 years later
I still say no
Jesus loves you
Still my position
Don't be fooled
By no bad religion
