### "Criminals Of War"

Visit "[Criminals Of War](#)" on [MotoLyrics.com](http://MotoLyrics.com)

You can't deny the evidence, I'm about to reveal  
I call for life with no parole, with no plea bargains or deals  
This cold blooded murderer, lies, cheats and steals  
Like King Blood in Super max, they should deny all appeals  
Serving under Reagan he helped encourage, the Iraq-Iran war  
Resulting in the deaths millions, wounding thousands more  
Allowing US oil and arms dealers, to profit greatly  
Encouraged US sponsored Dictators, In Latin America in the 80's  
Guilty of exterminating thousands, with US-trained death squads  
Conducted pre-emptive war, killing thousands in Panama  
To bring down Noriega, CIA henchman and drug lord  
Disguised as fighting for our freedom, in the name of God  
Totally disregarding, international laws  
Ignoring and defying International courts  
Former super spy, for the CIA  
George HW Bush former president U.S. of A

Criminals of War, (Where's the Justice?)  
Criminals of War, (bring them to justice)  
Criminals of War, (There's no justice)  
Criminals of War, (I Want justice)

Let's follow the blood trail, straight to the blood bath  
This political tale, was funded by blood cash  
Dealing human plasma, killing thousands in Canada  
Thousands infected, with blood that was contaminated  
Taken from prisoners in Lincoln County Arkansas  
Run by then governor, drugs and arms smuggler  
Supporter of the contra, bombings in Yugoslavia  
Ties to the mafia, cover ups first degree murders  
The Mena Airport, to the White Water scandals,  
Bombed Iraq, conducted punitive sanctions  
Caused civilian deaths in the hundreds of thousands

Presided over Waco and the Oklahoma City bombing  
Hands covered in blood, surrounded by violence  
Sudden death syndrome, war crimes thinly disguised  
Don't act surprised as I tell you this account  
Bill Clinton's death toll, 10 folds Ice T's body count

This cold hearted killer, should be locked up in chains  
But he'll have you thinking different with a huge PR  
campaign  
Like MKULTRA he'll twist up your brain  
Seeing his influence has encouraged US foreign  
policies to change  
Caused millions of death, by the stroke of his pen  
Propagandist consultant working for communist  
governments  
Token American with an empire in Australia  
The Godfather of the mainstream news Mafia in  
America  
Head of the forth branch of the government,  
imperialist war monger  
Far-right agenda, hoarding billions of dollars  
A real snake charmer, saturating the world with his  
views  
Sort of like Hitler getting the western world hating the  
Jews  
One in every five American homes are staying tuned  
Supporter of the Iraq invasion, we're not talking  
cartoons  
If you can't see the truth, then he's gotten to you  
Rupert Murdoch, The mutha fucka that owns the news

OK last but not least, this is the son of the beast  
Who preached peace as he unleashed missile attacks  
on the East  
Conducted two pre-emptive wars, leaving thousands  
deceased  
Declared war on so called terror, with no retreat  
Created legislation for protection from violating Article  
three  
Twice elected black box methods, for no proof of  
defeat  
Rejected the Geneva Convention, claiming to make us  
all safer  
Yet considers the US Constitution, A God damned  
piece of paper  
A dictator that was spoon fed, everything he should  
say  
Condoned degrading treatment of prisoners at  
Guantanamo Bay  
Torture at Abu Ghraib and prisoners in Afghanistan  
Over one million Iraqi's lie dead in the sand

Eavesdropped on citizens, murdered his fellow Texans  
Wasn't the master mind but was in on planning 9-11  
Skull and bones member, the terror is far from done  
George W Bush the former president, Lucifer's son
