They say these oceans
Are too deep for human eyes
They say these waters
Can't be charted, can't be tried
I've got a compass set
To keep my path aligned
With pure love and no fear
I'll set sail tonight

I've got no ties
I've got no home
But I'm not alone

The deep, she calls out to me
I'll find the one who haunts me
Catch my reflection and disappear

Our hearts still beat in time
And I pause when she sighs
Her blood runs just like mine
And our cells multiply
She'll pull me underneath
I will feel her eyes
When she devours me
I will not be surprised

I've got no ties
I've got no home
But I'm not alone

The deep, she calls out to me
I'll find the one who haunts me
Catch my reflection and disappear

I will chase the tide
To the other side
I won't rest until I find
Everything I've left behind
Here comes a wave
To carry me away
It sings my name

And where it takes me,
I intend to stay

I've got no ties
I've got no home
But I'm not alone
