

## Shape of Despair "...In the Mist"

Slow mine feet are,  
frozen their veins.  
Still closing helplessly afar,  
waking the creatures within.

I am a lonely traveller,  
awaiting to sleep eternally.  
Under those cold woods,  
as my fall brings them.

Shadows of their wings,  
as howling their pleeds.  
Wounded, i lay on ground  
listening their needs  
It's dark and cold  
and they fly slowly  
the way they were told.  
To feast mine fleshly dreaming.  
And they know surely,  
they raped mine soul.
