I woke up today, I was crying,

Lost in a lost world,

Cos' so many people are dying,

Lost in a lost world.

Some of them are living an illusion,

Bounded by the darkness of their minds,

In their eyes, it's nation against nation,

With racial pride, sad hearts they hide

Thinking only of themselves, they shun

The light. They think they're right

Living in their empty shells.

Oh caan you see their world is crashing

Crashing down around their feet

And angry people in the street,

Are telling them they've had their fill

Of politics that wound and kill

Grow, the seeds of evolution

Revolution never won

It's just another form of gun

To do again what they have done

With all our brothers' youngest sons.
Everywhere you go you'll see them searching
Everywhere you turn you'll feel the pain
Everyone is looking for the answer
We'll look again, come on my friend
Love will find them in the end
Come on my friend we've got to bend
On our knees and say a prayer.
Oh can you feel the world is pining
Pining for someone who really cares,
Enough to share his love,
With all of us. So we can be
An ever loving family.
Have you forgotten we're all children
Children from a family tree
That's longer than a centipede
And started long ago when you
And I were only love-
I woke up today, I was crying,
Lost in a lost world,
Cos' so many people are dying,
Lost in a lost world.
