I can sing

I can dance

Just give me a chance

To do my turn for you

There's a chance I'll slip

But with stiff upper lip

I'll s sing a song for you

Laughter is free

But it's hard to be a jester

All the time

And no one's believing

I'm the same when I'm bleeding

And I hurt all the time deep inside

I've shed a tear for the lying

While everyday trying to

Paint this smile for you

Backflips, cartwheelings,

Somersault feelings

What is there left to do

Laughter is free

But it's hard for me,
A jester all the time
No one's believing
I'm the same when I'm bleeding
and I hurt all the time deep inside
Roll up, roll up
Enjoy the show
Pick me up, wind me up, put me down
You'll see me go
And this painted smile
May miss for a while
Then come back and steal your show
I sing, I dance
Give me a chance to do my turn for you
With backflips, cartwheelings,
Somersault feelings
What's there left to do
Laughter is free
But it's so hard to be a jester
All the time
No one's believing
I'm the same when I'm bleeding
And I hurt all the time deep inside
Laughter is free
But it's hard to be a jester

All the time

No one's believing

I'm the same when I'm bleedinng

And I hurt all the time deep inside
