John Lodge)

(Chorus)

Like a rock
I'm gonna roll over you
Like a rock
I'm gonna roll over you

Not gonna lose my nerve
Not gonna fall apart
Not gonna turn the tide
Not gonna start from the top
Not gonna lose control
Not gonna turn around
Not gonna till I take you to the top
Cause there's something baby
That I want you to know
What price love
If there's nothing to show

CHORUS.

No need to close the door
No need to lose your way
No need to stand alone
Just try to understand what I'm saying
'Cos I'm gonna hold on
Not gonna turn you loose
Not gonna bring you down
Not gonna let you go
I only want to take you to the top
'Cause if I don't have you
Than I want you to know
What price love
If we've nothing to show

CHORUS
