Justin Hayward)

Say what you mean

Mean what you say

Say what you mean

Mean what you say

Think about the words

That you're using

Speak for yourself

Say what's on your mind

Think about the life

That you're choosing

Whenever you need somebody

Whenever you're looking

For somebody who knows

When trouble won't leave you alone.

Say what you mean

Mean what you say

Look into the world of tomorrow

Say what you mean

Want what is true

Check out of that room

Full of sorrow

I'm ready to take you with me

I'm ready to be the one

Who's there by your side

When you've just got

Nowhere to hide.

And oh,

The angels will walk with you

Whenever you need them

Yeah, the glory that comes with love

Yeah, yeah, yeah,

And oh,

The treasure that waits for us

Whenever we need it

Now, I just can't hold it back

Yeah, yeah, yeah, yeah, yeah, yeah.

The work and the pain

The thunder and the rain

The Word of the earth has been spoken

The bird on the wing

Free as the wind

Knowing that the spell

Has been broken

Now you can laugh with meaning

Now you can throw away

The cloak of disguise
As you turn your face
To the sky
The blue of the night
The secrets of the light
The touch of the hand
That can lead you
I know you recognise
Then you realise
That he's seen you
Into the strange unknown of love
Standing before me
How your nakedness shows
Now I just can't leave you alone
And oh,
I'm ready to take you now
Whenever you want to go
Yeah, my heart is there for you
Yeah, yeah, yeah
And oh,
The glory that comes with love
For always and ever, now
Now you can feel me love
Yeah, yeah, yeah, yeah, yeah, yeah
Say what you mean, mean what you say
Tell me about the love that you're feeling

Say what you mean what you say
Say what you mean, mean what you say
Say what you mean, mean what you say
Let's walk into the forest
Only witnessed by the moon
And the breeze that once would chill us
Now excites
Say what you mean, mean what you say
And we'll touch the secret places
As the earth beneath us breathes
And the raw exquisite ecstasy
Rushes in
Say what you mean, mean what you say
Yeah, yeah, yeah, yeah, yeah, yeah.
