Talk to me baby, I want to sleep at night

My heart is heavy, it's weighed down by the night.

And now I'm lonely, I want to see the light

So deep within you.

Cool wind is blowing through your crazy hair.

Warm colours flowing, this feeling we have shared.

And now I'm lonely I want to feel the love

So deep within you.

Your love's a never-ending dream

A castle by a stream of sweet understanding

I know you're thinking of me too, the messages

>From you are my inspiration.

Love's incense lingers, it never fades away.

Like you I'm waiting for our special day.

And now I'm lonely I want to feel the love

So deep within you

My love is burning, like a forest fire

My heart is yearning, I feel a warm desire.

And now I'm lonely I want to touch the fire

So deep within you.
