Sun is still shining, look at the view

Moon is still dining with me and you

Now that we're out here, open your heart

TO the universe of which we're a part

Everything's turning, turning around

See with your mind, leave your body behind

Now that we're out here open your heart

To the universe of which we're a part

But if you want to play

Stay right back on earth

Waiting for rebirth

Sun is still shining, look at the view

Moon is still dining with me and you

Now that we're out here open your heart

To the univers of which we're a part

But if you want to play

Stay right back on earth

Waiting for rebirth
