Justin Hayward)

Won't you take me back to school

I need to learn the golden rule

Won't you lay it on the line

I need to hear it just one more time

CHORUS

Oh won't you tell me again

Can you feel it

Won't you tell me again

Tonight

Each and every heart it seems

Is bounded by a world of dreams

Each and every rising sun

Is greeted by a lonely one

CHORUS

'Cos out on the ocean of life my love

There's so many storms we must rise above

Can you hear the spirit calling

As it's carried across the waves

You're already falling

It's calling you back to face the music

And the song that is coming through
You're already falling
The one that it's calling is you
Make a promise take a vow
And trust your feelings it's easy now
Understand the voice within
And feel the changes already beginning

CHORUS

And how many words have I got to say
And how many times will it be this way
With your arms around the future
And your back up against the past
You're already falling it's calling you
On to face the music
and the song that is coming through
You're already falling
The one that it's calling is you
Each and every heart it seems
Is bounded by a world of dreams
Each and every rising sun
Is greeted by a lonely lonely one
CHORUS
