Justin Hayward)

I don't know what I'm searching for
I never have opened the door
Tomorrow may find me at last,
Turning my back on the past,
But, time will tell, of stars that fell,
A million years ago.
Memories can never take you back, home, sweet,
home.
You can never go home any more.

All my life I never really knew me till today.
Now I know why, I'm just another step along the way.

I lie awake for hours, I'm just waiting for the sun.
When the journey we are making has begun,
Don't deny the feeling that is stealing through your
heart.
Every happy ending needs to have a start.

All my life I never really knew me till today.
Now I know why I am just another step along the way.
Weep no more for treasures you've been searching for
in vain,
'Cos the truth is gently falling with the rain,
High above the forest lie the pastures of the sun,
Where the two that learned the secret now are one.

(Repeat 1st verse)
