Shut up boy, just shut up boy, yeah yeah, yeah.
Now what would it take to get you to shut up for a
minute,
I'm sick of this yelling contest.
Ohh, so your a bit, much with it.
Can't you shut up for a minute, and let me get this off
my chest.

For the last 15 minutes. I've been trying to let you
know that my heart and mind ain't in this relationship
no more,
But you just keep on talking over me, not listening as
usual.
Bet if I walked out of here right now, you'd just keep on
talking soo...

[Chorus:]
You can keep running your mouth all you want,
when you stop and take a breath I'll be gone.
I said it's so sad that it's ended this way, gotta tell you
goodbye baby.
Could you please shut up, so you can hear me.

[Ne-Yo:] so whatcha saying girl [x2]
[RichGirl:] shut up so you can hear me
[Ne-Yo:] tell me whatcha saying girl [x2]
[RichGirl:] shut up so you can hear me.

I wanted to explain to you why I can't stay another
minute, but I can't get a word in. no no.

[Ne-Yo:] baby I thought everything was cool and that's
why I don't understand what's wrong, don't leave me
baby. noo.

[RichGirl:] You see what I'm saying.

[Ne-Yo:] what ya saying girl.

For the last 35 minutes, I've been trying to let you
know that my heart and mind ain't in this relationship

no more

[Ne-Yo:] {Please don't leave me cause I do understand
that I love you girl}

You keep on talking over me, not listening as usual

[Ne-Yo:] {I'm listening}

Bet if I walked outta here right now. you'd just keep on
talking soo.

[Chorus: x2]

You can keep running your mouth all you want,
when you stop and take a breath I'll be gone.

I said it's so sad that it's ended this way, gotta tell you
goodbye baby.

Could you please shut up, so you can hear me.

[Ne-Yo:] so whatcha saying girl [x2]

[RichGirl:] shut up so you can hear me

[Ne-Yo:] tell me whatcha saying girl [x2]

[RichGirl:] shut up so you can hear me

[Ne-Yo:] baby I thought everything was cool and that's
why I don't understand what's wrong, don't leave me
baby. noo.

Shut up boy. maybe just shut up boy.
