[Verse 1:]

I'm strong
I don't need no man to make me
I got my own, that's my house
There's my phone baby
I never had someone
Too lead me into love
Kept all the control
But I don't want anymore

[Chorus:]

Take over me
Take over me
Take over me
I just wanna fall out of control
Let you know it's hard for me yea
That you got me weak I'm ready
So take over me
Take over me
Take over, oh-oh (oh, oh, oh, oh, oh, oh, take over)
Take over, oh-oh (oh, oh, oh, oh, oh, oh, take over)

[Verse 2:]

Come on your too slow
No don't keep me waiting
I know you can be strong so be strong
Boy right now be amazing
Cause you're the only one
Too make me give it up
Kept all the control
But I don't want anymore

[Chorus:]

Take over me
Take over me (take over yea)
Take over me (take over)
I just wanna fall out of control
Let you know it's hard for me yea (you know it's hard for me)
That you got me weak I'm ready
So take over me

Take over, (over me)

[Verse 3:]

There's no way for me
Too go like this forever no
I want me I can't breathe
I need you right here too help me ooh-oh-ohh-ooh
I've been fighting in for my whole life
But I promise I surrender
Cause that's all I need
You take over me
Oh-ooh-ooh-oh-ooooh!

[Chorus:]

Take over me
Take over me (that's all I need you to do)
Take over me (ooh-ooh-ooh-oohh-ooh-ooh)
I just wanna fall out of control (I'm falling)
Let you know it's hard for me yea (hard for me)
That you got me weak I'm ready (I'm ready)
So take over me (take over)
Take over
Take over me
Ooh-ooh
Take over me
Ooh-ooh
Take over me
