Common sense would tell you leave me alone
Cause friends with benefits can do what they want
It's not the fact that you be doin' me wrong
Cause you not doin' me wrong
Cause we can do what we want
(I'm sayin')
Common sense would tell you leave me alone
But friends with benefits can do what they want
And I'm just sayin' we can be cool if we want
But I'mma do what I want
Cause she gon' do what she want
We friends

I think I'm fly now, yeah heaven right up under me
And I'm so stiff none you b*tches don't mean nothin' to me
I'm just a friend with benefits, it's just the player in me
I like them girls with that long hair, Indian Remy
And she give that pussy to me, automatic stemmin'
Ayye she on fire, she the stove in a n*gga kitchen
Ayye she done f*cked up, on the road to redemption
And I done blessed all her friends, can I get a witness
Brother Sabo on the side, rollin' L.A. Fitness
M&M Automar like I signed with 50 (50 cent)
I'm her favorite wrong, nothin' about us right
(Let's go to baby Kayla's world)
And have a nice night

Common sense would tell you leave me alone
Cause friends with benefits can do what they want
It's not the fact that you be doin' me wrong
Cause you not doin' me wrong
Cause we can do what we want
(I'm sayin')
Common sense would tell you leave me alone
But friends with benefits can do what they want
And I'm just sayin' we can be cool if we want
But I'mma do what I want
Cause she gon' do what she want
We friends

Answer the phone, I know you see me calling
Look my way, I know you see me walking
And I don't understand why I'm on your mind
But the fact still remains, still you match my type
Yes it's just crazy that you feel this way
But whenever you call I'm still on my way
I want you to see the look on my face
When I'm sleeping alone, I'm rubbin' on your space
Feeling still cold baby please come home
I feel like a movie darling, home alone
And I don't wanna do it all on my own
And I don't wanna leave you
No, no, nooooo
Yeaaah, yeaaahh

Common sense would tell you leave me alone
Cause friends with benefits can do what they want
It's not the fact that you be doin' me wrong
Cause you not doin' me wrong
Cause we can do what we want
(I'm sayin')
Common sense would tell you leave me alone
But friends with benefits can do what they want
And I'm just sayin' we can be cool if we want
But I'mma do what I want
Cause she gon' do what she want
We friends

Shawty gotta doubtful mind
But shawty like that couch of mind
She lettin' people feel on her, get on her, chill on her,
kiss on her
Turn around let's sit on her
So f*ck it, I ain't cuffin' no woman
Once upon a time I wasn't stu'nn no woman
Yeahh, see you ain't nothin' to no woman
But I ain't the type of guy to start fron'nn on no woman

Now understand why I'm sayin' this
Really, you won't understand why I'm saying this
But you know, we friends, we friends
Yeaaahh, yeaaahh, yeaaahh

Common sense would tell you leave me alone
Cause friends with benefits can do what they want
It's not the fact that you be doin' me wrong
Cause you not doin' me wrong
Cause we can do what we want
(I'm sayin')
Common sense would tell you leave me alone
But friends with benefits can do what they want

And I'm just sayin' we can be cool if we want
But I'mma do what I want
Cause she gon' do what she want
We friends
