It's the beginning  
I've started spinning  
From distant fear  
I must think clear  
My coffin's open  
You're decomposing  
I'll lift my hand  
I'll raise the dead

I'm running in circles  
Visit my catastrophes  
Turning til there's nothing left  
I'm running in circles  
visit my catastrophes  
Turning til there's nothing left

I'll take my chances  
No second guesses  
Of messing up  
I'm not that tough  
I've stopped debating  
There's no more waiting  
I'll clear my throat  
No time to choke

I'm running in circles  
Visit my catastrophes  
Turning til there's nothing left  
I'm running in circles  
visit my catastrophes  
Turning til there's nothing left in me

No more, going nowhere  
No more, going nowhere  
I'm running in circles  
Visit my catastrophes  
Turning ti lthere's nothing left

I'm running in circles  
Visit my catastrophes  
Turning til there's nothing left

I'm running in circles  
Running in circles  
I'm running in circles  
Visit my catasrophes  
Turning til there's nothing left in me
