They will lie to the people just to get the leader's crown  
on their head,  
That is all they want,  
But they will make us to believe them by promising us  
good road, free education, water and streets light,  
We are tired of hearing you on radio telling lies  
everytime,  
Watching you on TV making false promises,  
If you were in our shoes tell me how you will feel.

We need equal right to be free,  
We're tired of hearing come today and come  
tomorrow.

They will lie to deceive you  
Promising you a heaven on earth  
But till Jah's kingdom comes will it be done,  
They will try to deceive you  
Mounting poles in your street  
For will never be wired,  
Giving women a bag of salt to share,  
And to do again when his kingdom comes,  
I am tired of hearing lies from these people everytime,  
Telling us to hold on everything is gonna be alright,  
Do you really know what it means to fail a pledge?

We need equal right to be free,  
We're tired of hearing come today and come  
tomorrow.

Dem'a chopping our money everyday and we've got to  
do nothing yet  
Cos a'dem keeps on telling us to hold on,  
But I and I know that dem'a telling us lies man!  
And da Rastaman never like cheating and smiling.  
All they do is sitting on table  
Drinking tea of a million bought milk,  
Forgotten that there are people in jail who only feeds  
on bad odours,  
All they do is putting on coats  
Flying around with helicopters,

But forgotten that there are people out there who are  
working on barefooted.

We need equal right to be free,  
We're tired of hearing come today and come  
tomorrow.
