One told me tears later brings joy,
One told me joy even brings the tears,
Didn't know their both who is wrong and right,
That is why I'm lost didn't know left and right today.
I have ran a million miles away from troubles,
Then I have gone only five kilometers away to death,
Many years of being not at home still they don't care
Leaving me here alone.

I've been running away from home,
I've been a refugee for so long,
But the worse is that wherever I goes must be war,
I really wanna go home,
I am tired of running.

Cat told me dog brought this so call fight,
Dog even told me that cat was wrong,
Meaning in our lives today no one is agreed to be
wrong, oh God!
You could hear the noise of their charriot running after
me,
But there is no where to hide again
Cos the branches of all the trees has broken by the
blast of their bomb,
Rain and sun keeps beating me,
So now I'm lost didn't know left and right,
Maybe so I'll be blind and couldn't say if it is black or
white.

I've been running away from home,
I've been a refugee for so long,
But the worse is that wherever I goes must be war,
I really wanna go home,
I am tired of running.

I have ran a million miles away from troubles,
Then I have gone only five kilometers away to death,
Many years of being not at home,
Still they don't care leaving me here hungrily alone, oh
God!
