Don't say that this is ending it's not ending and
Don't walk away, let's start over talk it over
And what I want is for you just to stop
I can change yeah, I'll be brave and
Sleep beside your empty space
But I don't want to do this anyway

What can I say to make you stay here anyway
I'm holding onto you but you let go anyway, oh no
So I guess that I can't get my way anyway, anyway

Black hole pull me under going under and
How could you not even wonder well I wonder
What you wanna what you wanna
'Cause I don't wanna do this anyway

What can I say to make you stay here anyway
I'm holding onto you but you let go anyway, oh no
So I guess that I can't get my way anyway, anyway

If you wanna know how long I'll pay for my mistakes
You'll be gone forever and I will always wait
And I would kiss the life back into us if I could
And I would do anything for us if you only would just
Say you wanna, say you wanna, say you wanna want
me anyway

What can I say to make you stay here anyway
I'm holding onto you but you let go anyway, oh no
So I guess that I can't get my way anyway, anyway
