Let's pretend we're in love
Let's pretend that you'd never given up
You are not who I thought
Maybe I just miss the ghost of what I want

You're my anchor
Darling, sink me

Come on, pull me apart
(Make it hurt)
Come on, play with my heart
(Swear to make it worse)
Honestly, you're so handsome when you're mean
And no one is better at ruining me than you are
You are, you are

So you say that you've changed
Got your pieces sorted out, rearranged
No surprise, you've stayed the same
Still letting yourself get in your own way

Not my hero, you can't save me

Come on, pull me apart
(Make it hurt)
Come on, play with my heart
(Swear to make it worse)
Honestly, you're so handsome when you're mean
And no one is better at ruining me than you are
You are, you are

Need to scald you from my skin
Keep your dark from closing in
Ashamed of where we've been
Of all the things we've said and done

Come on, pull me apart
(Make it hurt)
Come on, play with my heart
(Swear to make it worse)
Honestly, you're so handsome when you're mean

And no one is better at ruining me than you are

Come on, pull me apart

(Make it hurt)

Come on, play with my heart

(Swear to make it worse)

Honestly, you're so handsome when you're mean

And no one is better at ruining me than you are

You are, you are
