Canadian man at ur service
from the land of the chills
if I can't warn u baby nobody will
a genuine Canadian man

Strong and free thats the true north and baby thats me
I'll solute u as long as need be
a genuine Canadian man

Yeah its hush hush while we mush mush
my dog sled made for 2
its cold outside but oh what a ride
to the warmth of my igloo
warm and dry we'll be sippin on cola and rye
then I'll bake u an Eskimo pie
a genuine Canadian man

We'll ride and glide over the great divide on my 95
skidoo
sweet honey child is the call of the wild
and I'm calling you hooo ooo
Canadian man thats me the ice breaker supreme
forget ur American dream

and wake up to Canadian man
and wake up to Canadian man
and wake up to Canadian man
