You can do anything  
If you believe its true  
See what this friendship brings  
It can only get stronger when you work it through

You can go anywhere  
Imagination will take you through  
Magic and mystery  
In the blink of an eye you could fly to the moon

Out of all the people in the world  
You're the chosen one  
Of every boy and girl  
Now your friends are here  
Your missions clear  
You're the guardian of the cards

Everyday is a new adventure  
As you discover the magic you need  
You uncover the mystic secrets  
Where the power within is the will to succeed

Yes this is your destiny  
This is what you were born to do  
Bring back the harmony  
To make a better world for me and you

Out of all the people in the world  
You're the chosen one  
Of every boy and girl  
Now your friends are here  
Your missions clear  
You're the guardian of the cards

You're the Guardian of the cards  
You're the chosen one  
Yes you are  
No matter where you search  
Near or far  
You're the guardian of the cards

Out of all the people in the world  
You're the chosen one  
of every boy and girl  
Now your friends are here  
Your missions clear  
You're the guardian of the cards

You're the guardian of the cards  
You're the chosen one  
Yes you are  
No matter where you search  
Near or far  
You're the guardian of the cards

Out of all the people in the world  
You're the chosen one  
Of every boy and girl  
Now your friends are here  
Your missions clear  
You're the guardian of the cards
