English

I am a dreamer,
A hidden power...
In my world,
Dreams and love and anxiety are established.
But with creation,
People don't die: They are hidden.
So Face towards the crisis Sky,
So that you look right at it!
Be Familiar with it,
Wish for it,
Believe in it,
So That your voice won't become trapped,
So that you can sing of that miracle!
Of your entire heart with it,
Sincerely,
Sincerely,
It will be enough to make that sound!
