We've been through so much together
We've been friends for so long now
Never worried about the weather
Always made it through somehow

Now there's clouds on my horizon
And it's starting to feel like rain (Feel like rain)
Now I hope you're realizing
I want you back again

Chorus:
So tell me
Are we gonna talk about it
Are we gonna still be friends
Tell me
You don't ever have to doubt it
This doesn't have to be the end
Tell me
(Tell me, tell me, tell me)

Don't believe the words they're saying
When people talk behind my back
I'm the one who's always staying
True to you and that's a fact

Now there's clouds on my horizon
And it's starting to feel like rain
Now I hope you're realizing
I want you back again

So tell me
Are we gonna talk about it
Are we gonna still be friends
Tell me
You don't ever have to doubt it
This doesn't have to be the end

Best friends don't let these things get in
In the way
Best friends don't always have to search for things to
say
