i am afraid of you now Now that you left me Nothing to say, not much now Now that you left me

Now that you left me Now that you left me

Just for how long did you know Before you left me Nothing to do, it's up to you To use it against me

Use it against me Now that you left me

You are ahead of me now Because you left me Words that i said all yours now Use it against me

You have raised me Now that you left me

I'll be gone, i'll be gone (4x)
