She like to watch the sun rise
And gazing out of space to find her piece of mind
She'd cry to any romantic movie
And fantasize about how she'd be dancing in th erain
Once in a while, she would take a little chance
Once in a while, she would put on her favorite dress

CHORUS

And she doesn't know
She's so beautiful
She doesn't know even when I look at her
Still so oblivious though I let it showed
She doesn't know That I'm in love with her

She like to be by herself
Instead of hang with friends like most girls I know
She is the real life Cinderella
Stuck between a fairy tale and the real world
Once in a while, she would take a little chance
Once in a while, she would put on her favorite dress

CHORUS

And she doesn't know
She's so beautiful
She doesn't know even when I look at her
Still so oblivious though I let it showed
She doesn't know That I'm in love with her

She doesn't have to change anything
at all
If it's up to me, she'll remain that way
Like a gem that's so hard to find
I've been looking for so long
But she doesn't know

CHORUS

And she doesn't know
She's so beautiful
She doesn't know even when I look at her
Still so oblivious though I let it showed
She doesn't know That I'm in love with her
