Look up, look up at bright white lights  
They sting your eyes until you bleed  
It's just a sign you cannot read, a little too much time to  
breathe

Fought the fever never won, it's just a wreck I'm way  
too far  
Such a shame to look at you and say the worst things to  
you

I walk around at midnight  
Feeling alive, just so alive  
This city never sleeps  
It looks as though we've come for this and

I walk around at midnight  
Feeling alive, just so alive  
This city never sleeps  
It looks as though we've come for this and

Look back, look back they seem to lie  
These words do not come back for me  
It's just a sign you cannot read, a little too much time to  
breathe

Fought the fever never won, it's just a wreck I'm way  
too far  
Such a shame to look at you and say the worst things to  
you

I walk around at midnight  
Feeling alive, just so alive  
This city never sleeps  
It looks as though we've come for this and

I walk around at midnight  
Feeling alive, just so alive  
This city never sleeps  
It looks as though we've come for this

Look back and think fast

It's only clearer now  
Look back and think fast  
It's only clearer now

This city is burning, I'm not gonna save it  
I'm not doing fine  
I'm not doing fine

I walk around at midnight  
Feeling alive, just so alive  
This city never sleeps  
It looks as though we've come for this and

I walk around at midnight  
Feeling alive, just so alive  
This city never sleeps  
It looks as though we've come for this
